For students in grades 9-12, this is a virtual independent study and in-person instructional learning model with a blended learning schedule at Inderkum High School and Natomas High School. The Academy is intended to be an educational commitment, a long term learning alternative to traditional schools, not a temporary alternative to the current global pandemic. Students still have access to elective courses, athletics/sports, ASB events, extracurricular activities, and CTE courses at their boundary high school.
