Dear Natomas Park Parents and Community,

As principal of Natomas Park Elementary School, it is my pleasure to welcome everyone back for another great year at Natomas Park. As you know, we are starting the school year in distance learning due to these unique times, but together, we will do what is best to educate our students. It is our mission to help every child feel safe, welcome, connected, and a part of our Coyote family. Additionally, we strive to challenge each student to grow in his or her academic abilities and to be college and career ready.

As we begin to think about how this school year will be different for all of us, I want you to know that our teachers and staff have worked diligently to have enriching opportunities for your student to thrive academically and socially. During distance learning, students will engage in daily interactive, real-time instruction with staff. Our first day of school will begin on Thursday, August 27. Please refer to our [distance learning schedule document](#), which outlines the components of your students' day and some example schedules. Your student's teacher will contact you no later than Friday, August 21 regarding your student's class assignment and with information about how to login to their class. In order to support our students with their learning, we will be distributing textbooks to all students and technology to students in need. Please see the schedule below:
