G. Unscheduled Communication- Mary Lynch

- Roberto - Tomorrow is Joey's Food Locker, if you know of any families in need they can pick up a turkey and other food items using a drive through method.
- Curt - Do we know who the School Board members are? Have there been any changes?
- Roberto - Mary, Lisset and Rob are amazing people.
- Constantino - This is a question that does not have to be answered now. At H. Allen Hight we would like to survey the parents. I would like to get a better idea of what the EL students' needs are at the school from the parent perspective. We are trying to come up with a tool or survey to get this information. Do you know if another school or the district has a template we could use for their survey?

J. Human Resources on Teacher Credentialing - Farah Ubaidullah

The job of the Human Resources Department is to ensure that your students' teachers are qualified to teach English Learner students. Their process includes the following:

- During the hiring process, Human Resources will check teacher applicants EL authorizations on his or her credentials on the state Commission on Teacher Credentialing (CTC) web site
- If necessary, during the onboarding process, they work with teachers to ensure they are applying for the appropriate credential (and EL authorization)
- During the teacher's first couple of year, they work with teachers to ensure they are following the credentialing preparation process to complete credentialing requirements in a timely manner
- Upon completion, Human Resources continue to monitor teacher's credentials on a monthly and annual bases

Human Resources must communicate with parents if there is a misassignment. Often this is from a teacher that recently moved from out of state.

- Parent comment - a parent stated they would reach out to Human Resources with their questions.

K. Consolidated Application- Mary Lynch

The Consolidated Application (ConApp) is used by the California Department of Education (CDE) to distribute categorical funds from various federal programs to county offices, school districts, and direct-funded charter schools throughout California. NUSD is required to review the ConApp with DELAC on a yearly basis.

The purpose of Title III is to ensure that all EL students attain English proficiency, develop high levels of academic attainment in English, and meet the same challenging state academic standards as all other students. The Title III Immigrant Student Program provides funding to enhance instructional opportunities for immigrant students and their families and ensure that immigrant students meet the same challenging grade level and graduation standards as mainstream students. The planned Title III allocations provide funding for the ELD TOSAs, a partnership with West Ed to develop a more comprehensive instructional plan and supplemental supports to English learners.

- Parent question - How does the District feel with the success rate of working with West Ed or the other expenditures? How do you make adjustments? Do you use data to determine where you have been successful or you haven't been successful?

L. DELAC Needs Assessment Review- Mary Lynch

Mary is working on the Needs Assessment that will be completed by the site and District at the end of the year. The questions relate to the effectiveness of the EL program and committees.
