

Bannon Creek K-8 School: 'Whatever It Takes!'

WHY BANNON CREEK SCHOOL?

Bannon Creek School, in partnership with its children, families, community, and NUSD, creates a learning community that uses Common Core curriculum and technology, guided by data, to provide the best possible learning environment for our students. Our Bannon Creek community believes that all children can learn at high levels. We do *whatever it takes* to nurture, educate, and support our students to be academically successful. We respect and embrace the diversity of our community. We empower our students to follow the Beaver C.A.L.L.: be **C**ourteous and respectful, **A**lways kind, make **L**ogical decisions, and be **L**ifelong learners.

Bannon Creek's Professional Learning Community implements California's academic standards, Positive Behavioral Interventions and Supports (PBIS), technology learning, and extracurricular activities. Bannon Creek educators are committed to working collaboratively in ongoing processes of collective inquiry and action research in order to achieve better results for the students we serve.

Bannon Creek School is also committed to creating joy factor for our students on campus and in the classrooms. The Beaver Way, our PBIS plan, creates a campus way of life that supports student interactions to increase social-emotional and academic skills. Students participate school-wide in behavior expectations training of the various zones on campus so that they are empowered to know our school expectations. Our community and staff also work together at regular monthly meetings to build a safety net of support for all stakeholders. At Bannon Creek School, we hold monthly assemblies to celebrate students' academic and behavioral successes. We also work to build relationships with students, foster community within the classroom, and utilize restorative practices as well.

Lastly, we work in partnerships with various programs including our after school program: The Sacramento Chinese Community Service Center (The Center). We also provide student support through S.T.O.R.M. (Special Team of Role Models) which provides students additional social and emotional supports if needed.

IS BANNON CREEK RIGHT FOR MY STUDENT?

Our Bannon Creek School community believes that all children can learn at high levels. We do whatever it takes to nurture, educate, and challenge our students. The academic progress of each learner is measured using district and state assessments. Student performance is reviewed regularly and shared with families. To ensure student needs are met, interventions and enrichment strategies are provided for students performing below and above grade-level standards. Ongoing instruction in social-emotional skills development and celebration of student success creates an environment that fosters appreciation for learning and cultural diversity.
