

Science Outdoor Education Camp Parent Chaperone and Volunteer Information & Sign-Up Form

We cannot do this without your support! Please consider reading through some of the chaperone and volunteer information prior to making a decision on your commitment.

✓ Parent fundraising **volunteers** are extremely important to the process. Volunteers usually help with communication and management of the fundraisers. Volunteers interested in organizing a fundraiser from the start are also appreciated!

✓ Camp requires about 10 male and 10 female **chaperones**. Chaperones are crucial to making camp successful! Chaperones will need to go through the NUSD volunteer process which includes a background check. If you are currently cleared by NUSD please mark that below.

✓ Chaperone spots will be filled on a first-come-first-serve basis. Advisors monitor this process according to when your student turns in the camp packet.

✓ Chaperones can expect to supervise seven students at all times for the duration of camp. Minimum language and communication skills is a must. Also, be aware that some physical fitness is required! Daily hikes are about one to two miles on fairly steep terrain.

*Please mark the following:

___ I would like to **volunteer** and assist in the organization of a fundraiser(s).

___ I would like to **volunteer** to lead the organization of a fundraiser(s).

___ I would like to act as a **chaperone** at Camp.

___ I'm male (parent)

___ I'm female (parent)

___ I'm already cleared through the Natomas Unified School District.

Student name: _____

Parent name(s): _____
