

Broadcast and Media Arts Pathway

Rules and Expectations

Broadcast Media 1 prepares students for career success with better communication skills, professional behavior and broadcast industry knowledge. It is a rigorous full year class that requires a commitment to professional behavior and proper care of news industry equipment. Equipment will be used in a news studio environment in class as well as videotaping outside of class at approved school locations for required class projects.

I look forward to having your student in class and want to ensure they have the best experience possible. This form will need to be signed by both student and parent/guardian so we are all on the same page.

Please contact me, your Broadcast Media teacher, Melissa May with any questions or concerns:
Email: MMay@Natomasunified.org

Professional conduct required in a newsroom is required in class

RESPECT:

Respect others

Respect equipment and studio

Respect time

- No profanity
- Follow proper studio procedures and check-out protocols
- Late is unprofessional in the work force and disruptive to class
- Unless tardiness is excused, there will be one verbal warning, then points deducted for participation grade after first official verbal warning for tardiness

***Improper care of gear and vandalism can result in appropriate disciplinary protocols.
Repeated tardiness will result in point deductions from overall class participation grade***

Equipment Rules:

- All equipment is property of the Natomas Unified School District
- All equipment must be signed out.
- Students signing out gear are responsible for it.
- Anyone using equipment not signed out will be in violation of policy and face appropriate disciplinary action.
- All story shooting locations must be approved of in advance

Video Release: You must agree to be on camera for this class and have signed a video release
Please sign and date acknowledgement of these rules:
