

Name: _____

Directions: Use the sense of touch, smell and sound to predict the contents of each bag. YOU ARE NOT ALLOWED TO LOOK IN THE BAG. You will be given three minutes to write down your observations and predict what is in each bag. When instructed, you make look in your bag to determine if your inferences lead you to an accurate prediction. Do not take the contents out of the bag. Use the table below to write down your observations and inferences.

Bag #	Observation	Inference/predict	What is it?
